Condyne Property Management Team

Don O'Neill

Donald O'Neill is Vice President of Condyne where he is an important member of the development team with decades of experience in the distribution and construction industries. His responsibilities include the supervision of all new development from civil engineering, planning, permitting, construction, to the property management of facilities.

Jeff O'Neill

Jeffrey is President of Condyne which he has helped grow to become the region's premier vertically integrated real estate development firm. His responsibilities include sourcing opportunities with tenants, businesses, and companies looking to expand or enter new facilities as well as the development and maintenance of capital relationships with lenders, joint venture partners, and high net worth equity investors.

Bonnie Kirby

Bonnie Kirby is the Controller at Condyne where she is responsible for managing the day-to-day accounting functions of all Condyne companies. She coordinates and reviews all monthly and annual financial statements, and ensures the preparation is done in an accurate and timely manner. Furthermore, she makes certain that Condyne is in compliance with all reporting deadlines to partners, investors, government agencies and financial institutions.

Brian Watts

Brian Watts is the Director of Asset Management at Condyne where he oversees and manages all properties for Condyne and its affiliates. He successfully advises tenants to achieve their real estate objectives across the organization's diverse portfolio of assets. Furthermore, he performs due diligence efforts during the acquisition of new properties.
