

# FLEET SERVICE FACILITIES

# Completed Projects

## **Kenworth - Middleton, MA**

A 34,000SF office, showroom and service area renovation for Kenworth Northeast. The facility features 11 service bays, offices, break rooms, show room and maintenance bays. The building also offers an area to provide service for fabrication, component rebuild, and new and used vehicle sales.

## **Ryder - Norton, MA**

A 27,300SF truck rental and repair center. The site includes a two-lane fuel island with a 20,000-gallon tank, 13 truck service bays, a wash bay, a lube equipment room, and a tire carousel area.

Finished with a 7,300SF office that houses a rental reception and lease sales office, customer service area, and a drivers' lounge

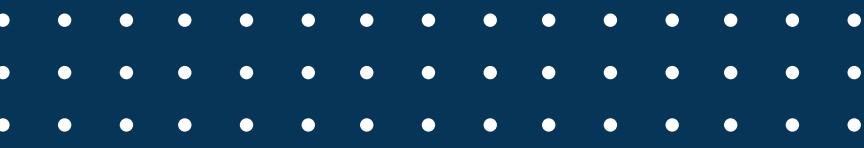

## **Penske - Norton, MA**

The 15,192SF facility includes a truck rental and repair space with a mezzanine constructed for additional storage and parts as well as administrative offices. It features 3 service bays, a 2 lane fuel island with high-speed fuel dispensers, and a truck wash bay.

On this 6.2 acre location, Penske employs 25 associates and maintains over 450 vehicles onsite.
